**Goal: Oral Health**

- Tactics/Notes to Consider
  - Expand oral screenings and referrals
  - Continued oral care
    - Notes:
      - Coverage and assess for oral
      - Advertise to Medicaid patients
      - Form partnerships
      - School enrollment time as an advertisement
      - Compare with equity in schools
      - Evaluate data
  - Organizations to invite to the discussion:
    - Johnson County Community College dentistry department
    - Oral Health KS
    - Health Partnership
    - Dentists
    - UMKC School of Dentistry
    - School districts
    - Dr Blacknall (Medicaid provider)

**Goal: Primary Health Care Access**

- Tactics/Notes to consider:
  - Pharmacy prescription assistance
  - Available resources for all
  - Health Care Costs
    - ACA deductible costs not covered
    - Uninsured
      - Notes:
        - Trainings – public library
        - Review models of others with pharmacy prescription assistance
        - Prescription costs to include: epi-pen (refers back to cost), schools, adults
- Organizations to invite to the discussion:
  - Wy-Jo Care
  - KAN Care
  - Hospitals
  - Safety Nets
  - Health Partnerships
  - ACA Navigators

NOTE: Group felt that while Transportation and Communication are central to health care access and equity, these issues will likely need to be addressed in all CHIP Priorities.

## **CHIP Priority 2: Mental Health**

**Goal: Navigating the System:** Identification of mental health issues; obtaining treatment

- Tactics/Notes to consider:
  - This crosses over with Access to Care. Identification also would address the stigma of mental health issues/treatment.

**Goal: Suicide Prevention:** Awareness, treatment, coordination across “systems,” depression

- Tactics/Notes to consider:
  - Data shows middle-age males highest group in JoCo

**Goal: Substance Abuse**

- Tactics/Notes to consider:
  - Not sure yet if focus for work would be both alcohol and opioids, or just one of the two

**Goal: Anxiety and Depression Disorders**

- Tactics/Notes to consider:
  - Group agreed this definitely overlaps with Goals 2 and 3, and need to review more data/information to determine which direction to focus.
  - One of the participants mentioned that the Healthy People 2020 plan includes Suicide, as well as Substance Abuse as goals.

**Overarching concepts for cross-cutting Tactics/Outcome Measures:**

**Perceived happiness**

- This was a measure that had some compelling data around it for the county. It is possible that this measure might be an interesting point to track, considering the selected goal areas...and see if there is any correlation between specific outcomes of above goals and the happiness measure.

**Providers/Resources**

- The availability (or lack thereof) of providers and resources is significant in the county. This cross-cuts all goal areas. It can also be a specific issue in access to care.

**Trauma-informed care/Resiliency**

- This is a huge area and can cross-cut most of the goals as well, and may appropriately fit in to future plan details, including evidence-based Strategic Interventions.
- Organizations to join the conversation:
  - Participants will send suggestions to Barbara Mitchell

### **CHIP Priority 3: Chronic Disease Prevention and Health Promotion**

Draft Priority Statement: Create an environment that promotes a healthy lifestyle for all Johnson County families.

#### **Goal: Physical Activity**

- Tactics/Notes to consider:
  - Address the issue of motivation/behavioral change per insights from community survey

#### **Goal: Nutrition/Healthy Eating**

- Tactics/notes to consider:
  - Address access to healthy food,
  - Education on food choices,
  - Preparation of healthy food

#### **Goal: Health Literacy:**

- Tactics/notes to consider:
  - Help people understand the implications of lifestyle choices they make and their long term health

#### **Goal: Policy:**

- Tactics/notes to consider:
  - Work with policy makers at all levels-city, county, state, national
  - Inform/engage in health issue discussions
- Organizations/people to invite to the discussion:
  - Legislators-city, county, state, national
  - City leaders/city planning officials
  - Health clubs
  - City Parks & Rec Depts.
  - Youth Leagues & Coaches Assns
  - Chambers of Commerce
  - Joco Hispanic Task Force
  - NAACP of Johnson County-Health and Wellness Committee
  - Raindrop Center
  - Jewish Community Center
  - Garmin-Wellness Coordinator (members of the group have contact info)
  - Grocery Stores, e.g. Ball Foods, Hen House
  - Outside the Box Thinking:
    - Fast Food Assn/Franchisees
    - Sugar Council
  - Consultant suggestion: Blue Cross/Blue Shield Wellness director
