| SAFETY STEP | YES | NO | RECOMMENDATIONS/COMMENTS |
|---|-----|----|--------------------------|
| 1) Is there an isolation fence that is at least 4-feet high completely surrounding the pool or spa? | | | |
| 2) Does the fence have gates that close and latch on their own? | | | |
| 3) Are ladders/stairs of above ground pool/spa gated or removed when not in use? | | | |
| 4) Are door, window, gate and/or pool alarms in use? | | | |
| 5) Are pool or spa covers used when appropriate? | | | |
| 6) Does the pool or spa have anti-entrapment drain covers? | | | |
| 7) Are drain covers broken, loose or missing? | | | |
| 8) Does everyone in the home know how to swim? | | | |
| 9) Are there trained CPR persons in the home? Are CPR certifications current? | | | |
