

## What Our Customers Are Saying

Bushnell has been partnered with JCDS for many years now and we sincerely feel that this program and partnership has been an extraordinary addition to our facility and our workforce. Many of the employees here at Bushnell consider the JCDS team as not only our co-workers, but our friends. It's funny, I often talk in meetings and when giving tours of our facility about how awesome the JCDS group is here at Bushnell. Our friends at JCDS are here every day, on-time, smile on their face and ready to work and be a part of our team. If I could accomplish those four objectives with my entire workforce we would be unstoppable! I think most of our recognition goes out to the on-site JCDS team who are an amazing group of ladies who put a smile on our face each day you are here with us. In reality, they enhance our lives every day just being a part of our team. *Thank you for allowing Bushnell and their associates to be a part of this program.*

Director, Ken Sosko  
Bushnell Outdoor Products

JCDS has been a valuable partner to our organization. They provide a high quality service that complements our core business. They consistently meet our production schedule and quickly adapt to changes with our monthly volume projections. The staff have a positive attitude and take great pride in the work they perform. A Leading Medical Supply Company

JCDS has been a valued supplier for AKRO Fireguard since 1990, packaging between 60,000 and 100,000 units per year, with virtually no quality issues over that time span.

Troy Oberle

JCDS has been a very good business partner for us for several years. They have a very high accuracy in their process, and have been very responsive to our changing business needs. When we need to ask for a change, we are confident they will do their best to accommodate it. Look forward to working with them in the future. A Leading Medical Supply Company

Every citizen has a place in the working community. Finding a good fit for special needs employees isn't a gift of charity, it's a logical tool in an increasingly competitive world. Our JCDS team members deliver dependable, quality work that makes our company more profitable and they touch our hearts every day with their enthusiasm for life. Rarely does a business have an opportunity to give back to the community and make a profit in the process. JCDS has helped us create just such an environment to the benefit of our entire staff and firm.
